REPORT

OF

THE ALBERTA SOCIAL CARE FACILITIES REVIEW COMMITTEE

Submitted to

THE HONOURABLE CONNIE OSTERMAN

MINISTER OF SOCIAL SERVICES

AND

COMMUNITY HEALTH

January 1 to December 31, 1985

Alberta
SOCIAL CARE FACILITIES
REVIEW COMMITTEE

4th Floor, Essex Building, 10707 - 100 Avenue, Edmonton, Alberta, Canada T5J 3M1 403/427-3010 In Replying Please Quote:

March 15, 1986

The Honourable Connie Osterman
Minister
Social Services and Community Health
Room 424, Legislature Building
109 Street and 97 Avenue
Edmonton, Alberta
T5K 2B6

Dear Mrs. Osterman:

On behalf of the Alberta Social Care Facilities Review Committee, I have the honour to provide you with their report covering the activities of the Committee for the calendar year of 1985.

During 1985 the Committee made 1,125 visits to social care facilities in Alberta. Since the Committee was established in June of 1980, 3,627 visits were made.

Yours truly,

David J. Carter

Dr. David J. Carter, Chairman
MLA, Calgary - Egmont

/mc

ACKNOWLEDGEMENT

Grateful acknowledgement is expressed by the Committee to the many operators of facilities and their staff who contributed to our unannounced visits through discussions, interviews and tours.

We recognize the necessity for on-going staff training and development in the provision of quality care in all facilities.

The Committee commends government departments and private agencies who provide workshops and seminars for staff employed in social care facilities.

We appreciate those volunteers who have given of their time to serve on Boards and Committees of various social care agencies.

ESTABLISHMENT OF THE COMMITTEE

The Social Care Facilities Review Committee Act was enacted by the Alberta Legislative Assembly during the 1980 spring session, assented to on May 22, 1980, and proclaimed June 10, 1980.

Twelve members from various parts of the province were appointed to the Committee by the Lieutenant Governor in Council.
Dr. David J. Carter, MLA, was appointed Chairman.

ROLE OF THE COMMITTEE

The Committee is authorized by the Social Care Facilities Review Committee Act (1980) with amendments in force as of July 1, 1985, to visit social care facilities in the province for the purpose of reviewing and inspecting them and observing the manner in which they are operated.

The Committee visits social care facilities which are operated by, or receive their current operating funds, or part of them, directly or indirectly, from the Government of Alberta.

The Committee may enter a facility at any reasonable hour to carry out a visit or an investigation.

MEMBERS OF THE COMMITTEE 1985

The members are appointed by the Lieutenant Governor in Council.

CHAIRMAN:	Dr. David J. Carter, MLA (Calgary - Egmont)	Calgary
VICE-CHAIRMAN:	Rita Nyback	Camrose
MEMBERS:	Glenna Bell	St. Albert
	Ute Davies	Calgary
	Alan Hyland, MLA (Cypress)	Bow Island
	Jacqueline Orr-Moore	Calgary
	Doreen Orman	Calgary
	Esther Rankin	St. Albert
	Carol Wilmot	Calgary
	George Wolstenholme	Nanton
	Susan Zukiwsky	St. Paul
NEW APPOINTMENTS 1985:	T. Edward Poppitt	Edmonton
RETIRED 1985:	James F. Falconer	Edmonton
STAFF:		
EXECUTIVE ASSISTANT:	Eleanor Stiles	Sherwood Park
SECRETARY:	Myra Colwell	Edmonton

N.B.:

The Committee wishes to express its thanks and deep appreciation to MR. JAMES F. FALCONER who served the Committee so well as Vice-Chairman from June 1980 to June 1985.

LOCATION OF COMMITTEE OFFICE

The office of the Social Care Facilities Review Committee is located on the Fourth Floor of the Essex Building, 10707 - 100 Avenue, Edmonton, Alberta, T5J 3M1. The hours of operation are from 8:15 a.m. to 4:30 p.m. Monday through Friday. The telephone number of the Committee is 427-3010, and is listed in the Edmonton Telephone Directory and in the Telephone Directory of the Government of Alberta. A telephone answering device is in place to take enquiries after hours or on weekends.

PAMPHLET AND POSTER

New pamphlets and posters were made available in 1985 to all facilities under the Committee's jurisdiction and are supplied to the general public upon request. New posters outlining the mandate of the Committee and listing the phone number and address of the Social Care Facilities Review Committee were also provided to be displayed in facilities where residents and staff may see them. The new pamphlets and posters were mailed to each facility in Alberta in 1985.

COMMITTEE ACTIVITIES

Meetings of the Committee are held regularly, usually at monthly intervals. During 1985 twelve meetings were held in Edmonton. Five Sub-Committee meetings were also held in Calgary and Edmonton.

Committee staff began preparation for the installation of a computer and word processing system which will be in place in 1986.

ALBERTA ALCOHOL AND DRUG ABUSE COMMISSION

The Committee commends all staff from the Alberta Alcohol and Drug Abuse Commission and funded agency facilities who counsel and care for people with addiction problems.

The continuation of public education through the various media is of excellent quality and is well received by all age groups.

The Committee recognizes the effectiveness of the Student Assistance Programs that are in place, and would encourage cooperation with local school jurisdictions to develop more of these programs for young people.

Committee members attending the International Congress on Alcoholism and Drug Dependence were impressed by the high standard of organization and hospitality offered by the Alberta Alcohol and Drug Abuse Commission as the host body. The plenary sessions were of great interest and provided logical and comprehensive information to delegates about the world-wide problem of alcohol and substance abuse and control. The concurrent sessions gave delegates opportunity to learn more of specific programs and research studies. This was a valuable opportunity for all people involved in this field of work to learn of the global implications of these problems.

ALBERTA ALCOHOL AND DRUG ABUSE COMMISSION (Continued)

The Committee commends the Alberta Alcohol and Drug Abuse Commission on programs instituted in 1985 to reach much younger persons who had alcohol, chemical and drug abuse problems.

CHILD WELFARE FACILITIES

The Committee supports the accreditation program now being instituted covering child care facilities. This will assure the quality of care is standard throughout the Province and will be maintained in all establishments.

The Young Offenders Act has created some difficulties with placements in the same group homes of clients of both the Solicitor General and Child Welfare.

We recommend that the Solicitor General offenders be placed in homes other than group homes under the Social Services and Community Health Department.

DAY CARE CENTRES

Alberta's Day Care Policies were changed in late 1985 to ensure people trained in First Aid are available at all times in Day Care Centres and for Family Day Homes. This was a recommendation in the Committee's 1984 Report. The Committee commends the Minister of Social Services and Community Health for this action.

In Order to achieve consistent, quality care, it is essential that clearly defined standards be developed for Day Care. The Committee recommends that these be established and implemented.

Committee members feel that with the vast amount of government dollars being directed towards Day Care that there should be greater financial accountability by operators by asking them to submit an annual financial statement.

MENTALLY HANDICAPPED

A number of persons in large institutions throughout the Province moved to Community Living in 1985. This is an ongoing process.

MENTAL HEALTH

The Committee was pleased to see the opening of additional approved homes within the Province. In particular the Committee notes the increased number of such homes in the central region and in the Edmonton area, a recommendation in the Committee's 1984 Report.

NATIVE OPERATED FACILITIES

The opening of more Day Care Centres by Native Organizations in the Province in 1985 was commendable.

Indian Bands taking over the management of their own child welfare systems is to be encouraged.

Much credit belongs to the native bands who have shown commitment to the establishment of treatment programs for native persons with dependency upon alcohol and/or drugs.

VOCATIONAL TRAINING CENTRES

The Committee commends the local Associations who provide clean, safe workplaces for the Vocational Rehabilitation Centres in their areas. The staff are also to be commended who have developed innovative and appropriate programs for trainees.

There has been great improvement and upgrading in several Vocational Training Centres in the Province. The Committee was pleased to see these changes.

WOMEN'S EMERGENCY SHELTERS

It is increasingly evident that the Women's Emergency Shelters are not sufficient alone to cope with the rising problem of family violence. We strongly urge that more treatment programs for the batterer be instituted. Offenders should be directed to participate in these programs.

Parallel programs should be developed to provide therapy and assistance for other members of the family with particular regard to children.

SPECIAL MEETINGS AND EVENTS ATTENDED BY COMMITTEE

OUT OF PROVINCE VISITS MADE IN 1985 BY THE COMMITTEE

Jan. 30 - Feb. 1	Vancouver	Laurel House Society; Gateway House Society; Pacific Association for Autistic Citizens
Nov. 9 - 10	New York	Child Care Accreditation Meeting
Nov. 11 - 13	Washington DC	Child Care Accreditation Meeting

COMPLAINTS AND ENQUIRIES

A variety of complaints and enquiries were received by the Committee during the year. Information and assistance was provided where possible and referrals were made to other offices for additional, or special assistance. Fourteen written complaints relating to the operation of various facilities were received by the Committee. Several complaints from 1984 were resolved in 1985.

In the course of investigating complaints, establishments were visited and people interviewed throughout the Province. Corrective measures were taken where justified and follow-up visits were made.

A number of interviews were held with regard to concerns brought to the Committee by a resident in a Hostel in north-western Alberta. The concerns were checked thoroughly and could not be substantiated. The Committee was satisfied that the facility was well run.

Some Day Care concerns brought to the Committee were:

- lack of staff with special training in Day Care and Early Childhood Services training;
- inadequate staff development by Day Care operators;

COMPLAINTS AND ENQUIRIES (Continued)

- proper supervision in Day Care;
- substandard food service;
- inadequate toys;
- poor hygiene;
- some Day Cares were thought to be overly strict and regimented.

Two Day Care complaints are still under review.

A Group Home in central Alberta submitted a complaint regarding problems incurred by an escorted group of mentally handicapped persons going through customs into the United States. This has been brought to the attention of the Federal Government and is still under review.

A complaint arising in 1984 with regard to a Women's Emergency Centre in southern Alberta was completed by the Committee and the Centre is making some progress in correcting problem areas.

A Group Home in central Alberta was found to be in a run down condition and poorly operated. This Group Home has been newly painted and renovated and is now operating well.

A complaint was received about the care of a resident in a Services for the Handicapped facility in southern Alberta. A

lengthy investigation was made by the Committee. Appropriate action was taken by the Centre to improve patient care.

A complaint was received from the mother of a resident in an Edmonton Group Home about the dispensing of medications. This problem was corrected.

A concern regarding the eligibility of unwed mothers and pregnant women, eighteen years of age and older, qualifying for assistance, at a large facility in Calgary, was brought to the attention of the Committee. This concern was found to be justified by the Social Services and Community Health Department and was rectified.

The Committee was pleased to receive cooperation from all persons involved in carrying out the Committee's mandate including many staff from the Department of Social Services and Community Health throughout the Province.

The efforts made by operators of facilities to improve personal care, services, policies, programs and operating procedures when deficiencies were identified was appreciated.
